Step through this process to evaluate how credit earned at selected institutions may be transferred to our school.

At the end of the process, you can generate an academic advisement report that takes into consideration the transfer credit you reported.

To begin, either select CREATE NEW MODEL or select an existing model from the list.

Create New Model

NOTE: Evaluations completed through this process are estimates and are subject to review by the institution. Official transcripts of coursework will be required before a final determination can be made.

Why are we collecting this information?

The primary purpose for collecting sexual orientation and gender identity information is to ensure inclusivity and success for all students in our system. It is imperative, and a system goal, to provide safe places for all students to be affirmed in their identity and learn in an environment free from harassment and discrimination. In addition, this data will assist local colleges in providing services and creating programs and curriculum designed to support student success within the LGBTQIA+ community.
