9.2 R-266 PTF Benefits Eligibility Report

Purpose: Use this document as a reference for using the custom reports for part time faculty benefits information in ctcLink.

Audience: Benefits Administrator.

1 You must have at least one of these local college managed security roles:

ZD Benefits Reporting

If you need assistance with the above security roles, please contact your local college supervisor or IT Admin to request role access.

NOTE: This report will total all FWL FTE's from both Job and FWL to generate one totaled FTE. Any jobs in Job Data that have an EMPL CLASS of Part Time Faculty will not be considered for Job purposes (as they are being taken from FWL), but any other Job Data that contains an EMPL CLASS outside of that will be added in.

For instance, if a PTF employee has three jobs, 2 of them with an EMPL CLASS of Part Time Faculty and one with an EMPL CLASS of Hourly, then it will add the FTE from FWL which contains the Contract Types that have the Benefit Eligibility box checked in FWL but will also add the Hourly Job's Job Data FTE.

This means for PTF to correctly be represented on this report, all non-PTF EMPL CLASS Jobs must have a correct FTE maintained in Job Data.
